

Hat Creek Campground Campout Sept. 8

Parent Information & Schedule

Hat Creek Campground is located 1 mile west of the town of Old Station, and 12 miles east of the NW entrance to Lassen Volcanic National Park. The town of Burney is 26 miles north.

General Helpful Information

- Anyone who enters Lassen Park needs to print off the FEE WAIVER at the end of this document to gain free access to Lassen Park for the day. Place it on the dash of your car.
- Parking will be tight, so PLEASE carpool if at all possible. Non-campers may want to park at the Visitor's Center and carpool or shuttle groups in.
- When you park at the Group Site area, please park diagonally when possible to accommodate more cars.
- If you would like to earn some volunteer hours to help with parking see this link: <http://www.signupgenius.com/go/409084aaciaa2aa57-hatcreek1>
- Wear comfortable shoes as you may need to park across the Hwy at the Spattercone parking lot and walk in. It is .6 miles to Group Site 2.
- Water and restrooms are plentiful in the campground, but students should bring water on hikes. Sunscreen, hats, and good closed toed shoes are advised.
- Parents are responsible for bringing their students' own medications, not the school.
- Families will want to bring folding chairs and/or blankets for the sing-a-long.
- The temperature is very cool in the morning, 50 degrees, and cools off quickly in the evening-bring sweatshirts and/or jackets.
- Pets:-- we suggest you do not bring them, but if you do, they must be on a leash at all times and picked up after unless they "go" in the Pet Area.
- Safety Alerts:—the creek flows along one side of the campground. It will be cold, but shallow in most places. Families are to supervise children at all times. If you would like to help with creek security see this link: <http://www.signupgenius.com/go/409084aaciaa2aa57-hatcreek1>
- We have been advised that meat bees or poison oak may be present, please consider bringing any necessary medications/ repellents to address these concerns. Fire and EMT is only 5 min. away.
- Camper's tip for keeping meat bees away-place dryer sheets such as Bounce or Downy around your site.
- Flashlights are advised for camping and Subway Caves.
- There will be high fire danger. Burning only in fire pits and BBQs is permitted. Fires need to be dead out, of course. Families should bring their own wood, but are allowed to pick up and use pine cones, sticks on the ground, or pine needles to start your fire.
- There are quite a few tent sites above the regular sites at Hat Creek Campground.
- Expect to have an AWESOME time!

General Schedule Friday, September 8, 2017

10:00-1:00	Teacher led activities for all grades
1:00-3:30	Family Time-Subway Caves, Echo Lake, Sulphur Works, Devastation Interpretive Center, Spattercone Trail, Old Station Discovery Gardens)
