

August 3, 2018

Dear RSA Families,

Thank you so very much for taking the time to respond to the RSA Carr Survey. The information that you have shared has assisted us in planning for the first few days of school for staff training and student support. We encourage completing the survey if you haven't already done so.

We have made some adjustments to better facilitate registration and student schedules. The following is an excerpt from the June News with the bold italicized as modifications:

RSA's registration for student class schedule and student packet pick-up this year!

- Parents/guardians will need to confirm their demographic & contact information prior to picking up class schedules. Information for this process will be sent to you on Monday afternoon.
- ***On Friday, August 10th & Monday, August 13th***: Room 19 will be open for you to come in to complete your registration and pick up your packet! In order to pick up your student's schedule you will be required to provide the printed "Online Registration Verification" sheet which will be at the end of the online confirmation process. Snapshots of this page are not accepted. Printers will be provided in Room 19 for your convenience! You will also need to review the front desk emergency card prior to receiving your packet (or complete one if you are a first time student to RSA). The school will NOT be open to the community as we continue to prepare the facility for the first day of school.
Class schedules will be handed out as you register beginning August 10, 13th and again on Tuesday, August 14th at the school "Meet and Greet". The above process must be completed prior to receiving your student's schedule.

Tuesday, August 14th will be a "Meet and Greet" from 5:30 – 7:00 instead of a picnic. Classrooms will be open so that teachers and students can meet each other. The activity center will have elective teachers, after school outside interest, After School Care Sign-ups, etc. with the ability to pay any fees or deposits. The picnic portion of this event has been canceled. Food will NOT be served that evening.

The air quality currently is unpredictable and may influence our first day assembly. We will keep you updated as August 16th gets closer.

We are looking forward to our students returning to school and supporting each other. There will be several other emails as more information becomes available regarding the first few days of school.

Sincerely,

Margaret Johnson
